

Important Vaccine Update January 26, 2021

We started the day yesterday feeling defeated when our vaccine clinics were cancelled by Giant Eagle due to a lack of available vaccines. After what felt like a million phone calls, I'm glad to be able to share that we were able to reschedule clinics for all residents who still need and want to be vaccinated. Our team is already working with residents and families to complete all required paperwork before the following clinics:

- Saturday, January 30th - Greensburg Independent Living (second vaccine 2/20)
- Tuesday, February 2nd – North Huntingdon Personal Care and remaining IL residents (second vaccine 2/23)

Those who have already been vaccinated in our first round will receive their second doses on the following dates:

- Monday, February 1st - Greensburg second dose for those who got their first dose on 1/11.
- Tuesday, February 2nd – Greensburg second dose for those who got their first dose on 1/12.
- Tuesday, February 9th – Murrysville and North Huntingdon second dose for those who got their first dose on 1/19.

Additional details about appointment times, etc. will be provided to our residents. Please be assured that our team will make sure that residents aren't skipped or overlooked in this process. Our goal is to vaccinate every one of our residents.

We encourage families of our residents to be vaccinated when the opportunity becomes available.

Sincerely,

Vicki
