Presidents Council

Lisa Dormire, VP Mission Support

We are grateful to have two special scholarship opportunities to make available to employees, and their college age children. These scholarships have been funded thanks to generous gifts from donors.

Each scholarship is a \$5,000 scholarship and will be awarded to the enrolled institution for the 2026-2027 academic year. One scholarship is for an employee or their college age child studying healthcare administration at the undergraduate or graduate level. The second scholarship is for an employee or their college age child studying either a finance or healthcare related field of study.

Applications are available on the employee Dayforce Hub and the employee intranet page. Please note that the application requires submission of proof of enrollment, and a copy of your FAFSA application. All applications must be returned by June 20th so that a decision on the awardee can be made as efficiently as possible.

If you have questions or difficulty with the application, feel free to reach out.

We are grateful for the generosity that is making these scholarships available to our employees and their children!

Gratefully,

Lisa Dormire
VP Mission Support

Help Us Grow Our Garden of Love!

Our Garden of Love is in full bloom! Across our Greensburg, Murrysville, and North Huntingdon campuses, the beauty of spring is on full display reminding us that with care, patience, and compassion, something truly special can grow! This season, you can help our garden continue to flourish. Your gift helps provide meaningful support for those who call Redstone home. From Benevolent Care and Hospice services to our HOPE Program and campus improvements, every contribution makes a difference. As a symbol of your generosity, a symbol of spring will be placed in our Garden of Love display at the campus of your choice. You may also give in honor or memory of someone special, helping their legacy bloom alongside our community. To make a gift, visit the front desk on each campus or our giving site at www.redstone.org/make-a-donation. Your support helps everything we do to blossom at Redstone!

Mac-Tastic Staff!

We were proud to recognize and celebrate our employees through this year's Employee Appreciation Week. Across all campuses, team members enjoyed a variety of fun and engaging activities designed to say thank you for their hard work and dedication. From themed dress days and scavenger hunts to Dirty Soda bars and our Mac-Tastic Luncheon, the week was filled with laughter, connection, and gratitude. Most importantly, it was an opportunity to honor the compassion, commitment, and everyday excellence our employees bring to Redstone. Thank you for all that you do to support our residents and one another!

CEO Vicki Loucks Honored by Pittsburgh Magazine Women in Business

We are proud to celebrate our President and CEO, Vicki Loucks, who was honored as a May 2026 Women in Business Award recipient by Pittsburgh Magazine. The Women & Business Awards recognizes outstanding women leaders across the Pittsburgh region for their professional excellence, community impact, and commitment to advancing their industries. Honorees are featured in Pittsburgh Magazine and celebrated at a recognition event that brings together leaders from across business and nonprofit sectors. The May celebration was held at the National Aviary and included keynote remarks and recognition of this year's distinguished award recipients. Vicki's feature highlights her more than 30-year journey in healthcare, beginning as a registered nurse and rising through progressive leadership roles to become President and CEO of Redstone.

Since stepping into the CEO role in 2025, she has continued to lead with a strong focus on expanding services for older adults and supporting families across the region. Her leadership is deeply rooted in service, growth, and Redstone's core value of lifelong learning, continuing to evolve, learn, and lead with purpose throughout every stage of her career. Congratulations, Vicki, on this outstanding recognition and your continued impact on our organization and community!

Redstone Celebrates Second Cohort of Nurse Aide Training Graduates

Redstone is proud to celebrate the second cohort of graduates from our Nurse Aide Training Program! In partnership with Health Ventures Alliance (HVA), and led by instructors Holly Reese, RN (Supervisor Instructor), and Dori Webb, LPN (Teaching Instructor), five dedicated individuals have successfully completed the program and earned their Certified Nursing Assistant (CNA) certification. Their achievement reflects not only their hard work and dedication, but also Redstone's core value of lifelong learning—continuing to grow, build skills, and strive for excellence in care at every stage of their careers. We congratulate these graduates on this important milestone and look forward to the meaningful difference they will make in the lives of those they serve in the Redstone community.

Volunteer Spotlight Lacey Labuda

We are proud to recognize a volunteer who began serving at Redstone in January of 2026 and has already made a meaningful impact as a friendly visitor. Her favorite volunteer role is spending time with residents, listening to their stories, and building genuine connections. She was inspired to volunteer by a belief in the importance of service, compassion, and community connection.

She finds volunteering meaningful because it allows her to be fully present with residents and offer companionship through simple conversation. These experiences have shown her how powerful listening and small acts of kindness can be in someone's day. Through volunteering at Redstone, she has strengthened her understanding of human connection and developed a deeper appreciation for empathy, openness, and respectful listening. Outside of Redstone, she is focused on her graduate studies, enjoys time with her family and her dog, Luka, and likes to unwind by reading. Her advice to others is to slow down, be present, and truly listen. Everyone has a story worth hearing! We are grateful for her kindness, open-mindedness, and the warmth she brings to our residents through each visit.

DOVE Employee Recognition Program at Redstone

The DOVE Recognition Program seeks to recognize the many wonderful things that employees in the Redstone Family do each and every day while serving our community. Have you witnessed an employee going "above and beyond" while serving our residents, their families, or fellow staff members? Submit their name for DOVE Recognition. You can recognize employees by completing a card located at the DOVE cases at any campus, by scanning the QR code, or by visiting www.surveymonkey.com/r/RPSDove.
